This 44,000 sf design/build student union building houses a café, community kitchen, multi-purpose rooms, offices and workspaces for several student life groups, conference rooms, administrative offices and a large, 75,000 sf landscape component in the core area of campus. Project is scheduled for LEED Platinum, consistent with UC Davis campus aggressive sustainability goals. Completed October 2011.

Teamed with Flintco, this project continues our legacy of design/build success on higher education campuses.
